of the

OFFICERS and COMMITTEES

of the Town of

HOLLIS, N.H.

FOR THE YEAR ENDING DECEMBER 31, 1979

With Report of

SCHOOL DISTRICT

FOR THE YEAR ENDING JUNE 30, 1979

DEDICATION

Jeffrey Poole Smith — Mr. Conservation. To him we dedicate this 1979 Town Report. For those of us who have had the rare good fortune to know Jeff and Mary over the years our lives have been much enriched. Together they gave us a rare example of what is meant by the quotation: "Still waters flow deep".

In the near half century of their farm Jeff quietly excelled in everything he did. His zest for life, love of people and concern for those less fortunate than he were, and are, his hallmark. In those days, to be able to go work in the woods, watch birds and the creatures of the forest for a few brief hours off the farm made it all worthwhile.

Now, with the farm years past, he has achieved what so few ever achieve, to live and work and bring to others his great love of the out-of-doors and the nature that is there to be understood. Small wonder that throughout New England Jeff is referred to as Mr. Conservation. Beaver Brook as it is today in Hollis could not possibly have become a reality without Jeff and those that work with him each day. Hollis, the Community, is enriched beyond measure by the example given of a quiet man and his work to preserve what is best in our New England and Hollis.

Thank you Jeff.

Jeffrey Poole Smith

Selectman of Hollis 1963-1969

Charter Member, Tree Farm Program

Hollis Town Forest Committee

Served on Town Conservation Commissions of Hollis, Nashua, Brookline, Pepperell

Soil Conservation District Cooperator — one of first cooperators in 1946.

Selectmen of Hollis

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Hollis in the County of Hillsborough in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Walters Auditorium in said Hollis on Wednesday, the twelfth day of March, next at 7:30 of the clock in the evening, to act upon the following subjects:

1. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriation of the same.

2. To hear reports of Selectmen and other Town Officers and Committees.

3. To see if the town will authorize the Selectmen to borrow money in anticipation of taxes.

4. To see if the town will vote to accept State Aid for the Construction of Class V roads and appropriate the sum of \$1,533.42.

5. To see if the town will vote to authorize the Tax Collector to accept prepayment of taxes in multiples of \$10.00.

6. To see if the town will vote to authorize prepayment of resident taxes and to authorize the tax collector to accept prepayments as provided by RSA 80:1-a.

7. To see if the town will vote to authorize the selectmen to transfer tax liens and convey property acquired by the town by tax collector's deed by public auction (or advertised sealed bid) or in such other manner as determined by the selectmen as justice may require.

8. To see if the town will vote to authorize the conservation commission to retain the unexpended portion of its previous appropriations and its 1980 appropriation, said funds to be placed in a special conservation fund in accordance with RSA 36-A:5.

9. To see if the town will raise and appropriate the sum of \$2,000.00 to be placed in capital reserve fund for an ambulance.

10. To see if the town will raise and appropriate the sum of \$8,000.00 to be placed in capital reserve fund for a front end loader.

11. To see if the town will raise and appropriate the sum of \$15,000.00 to be placed in capital reserve fund for a fire truck.

12. To see if the town will raise and appropriate the sum of \$10,000.00 to be placed in capital reserve fund for a fire house and acquisition of land for the fire house.

13. To see if the town will authorize the Selectmen to withdraw \$35,000.00 from the Fire House/Land Capital Reserve Fund for the

purpose of purchasing land for a new fire house and expend the sum of \$35,000.00 for said purchase, or to fund offers, security, just compensation and proceedings under the Eminent Domain Procedure Act, should said land be taken pursuant to RSA 31:92.

14. To see if the town will raise and appropriate the sum of \$8,000.00 to be placed in capital reserve fund for a grader.

15. To see if the town will raise and appropriate the sum of \$2,000.00 to be placed in capital reserve fund for the town highway garage.

16. To see if the town will raise and appropriate the sum of \$3,000.00 to be placed in capital reserve fund for a rescue van.

17. To see if the town will raise and appropriate the sum of \$5,000.00 to be placed in capital reserve fund for a communications center and police station.

18. To see if the town will raise and appropriate the sum of \$1,000.00 to be placed in capital reserve fund for library expansion.

19. To see if the town will raise and appropriate the sum of \$25,000.00 for the purchase of a new dump truck for the Highway Department.

20. To see if the town will authorize the Selectmen to withdraw the funds in the truck capital reserve fund to purchase a new dump truck for the Highway Department.

21. To see if the town will raise and appropriate the sum of \$5,000.00 for the purchase of a new sand spreader for the Highway Department.

22. To see if the town will raise and appropriate the sum of \$10,000.00 for the purchase of a new $\frac{3}{4}$ ton truck for the Highway Department.

23. To see if the town will vote to appropriate and authorize the withdrawal from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972 for use as set-offs against budgeted appropriations for the following specific purposes and in the amount indicated herewith or take any other action hereon. Police Department: \$29,619.55.

24. To see if the town will authorize the selectmen to expend the funds in the map capital reserve fund to continue to develop the Tax Map Project.

25. To see if the town will raise and appropriate the sum of \$5,382.50 to be given to the Merrimack Valley Home Health Care Association, Inc.

26. To see if the town will raise and appropriate the sum of \$750.00 to be given to the Community Council of Nashua.

27. To see if the town will vote to authorize the board of selectmen to apply for, accept and expend money from the state, federal or another governmental unit or a private source which becomes available during the year in accordance with the procedures set forth in RSA 31:95-b.

28. To see if the town will raise and appropriate the sum of \$1,000.00 for the purpose of celebrating the town's 250th anniversary of the settlement of Hollis and to authorize the selectmen to appoint a committee to plan, organize and conduct the celebration events.

29. To see if the town will authorize the Selectmen to purchase for the town to extend the Nichols Field for additional town recreational purposes Lots 15 and the northern portion of Lot 14 of Plan 3602 in the Hillsborough County Recorder of Deeds, said lots presently standing in the names of Nancy E. Bonneville and Robert E. Foss and Helen R. Foss; and to appropriate the sum of \$66,000.00 for said purchases, or to fund offers, security, just compensation and proceedings under the Eminent Domain Procedure Act, should said lots be taken pursuant to RSA 31:92.

Given under our hands and seal, this twenty-fifth day of February, in the year of our Lord nineteen hundred and eighty.

**STATE OF NEW HAMPSHIRE
DEPARTMENT OF REVENUE ADMINISTRATION**

September 20, 1979

Selectmen — Hollis
c/o Richard Walker, Chr.
Hollis, N.H. 03049

Gentlemen:

Your Summary Inventory of Property Valuation and Statement of Appropriations have been approved. You may proceed with the assessment of 1979 taxes on the basis of the following figures.

Net Assessed Valuation	\$61,675,060.00
------------------------	-----------------

Taxes Committed to Collector:

Town Property Taxes Assessed	\$2,374,490.00
Precinct Taxes Assessed	
Total Gross Property Taxes	<u>\$2,374,490.00</u>
Less: Est. War Service Tax Credits	<u>21,300.00</u>
Net Property Tax Commitment*	\$2,353,190.00

Tax Rate — Town	3.85
Precinct	

* The amount of property tax commitment is subject to adjustment by reason of any increase or decrease in War Service Tax Credits which may result based on the above approved rate.

In the event any adjustment was made in the Appropriations Section, we have enclosed a copy of the changes. Revenues and Credits have been approved as shown on the enclosed copy of the third page of the Statement of Appropriation.

The net amounts approved for school, county and precinct are as follows:

Net School Appropriations	\$2,011,263.00
County Tax Assessment	131,214.00
Net Precinct Appropriation (1)	

In arriving at the above approved rate the Overlay has been set in the amount of \$39,565.00

Very truly yours,
Lloyd M. Price, Commissioner

HOLLIS POLICE BENEVOLENT ASSOCIATION

President's message:

The Hollis Police Benevolent Association is comprised of active members of the Hollis Police Department. It is a non-profit organization supported entirely by fund-raising activities. Its goals are to improve the police services to the Community and provide better protection for our citizens.

1979 was a most active and productive year for the Hollis Police Benevolent Association.

Starting off with a most successful ball in February we continued and expanded our efforts at serving the Community.

A Crime-Prevention seminar was conducted in the spring and generated considerable interest in organized Neighborhood Watch Programs. A Drug Information seminar, sponsored by the Association, featuring Capt. Rowe of the Dover P.D. was extremely well received.

Another Community activity was the Annual Bike Rodeo, with over one-hundred participants. This program which teaches bicycle safety to youngsters is very popular and eagerly awaited by Hollis youth. The effectiveness is hard to measure, but it is a fact that the Town does not have a serious problem with bike-riders. The Rodeo is financially underwritten by local businesses and conducted by volunteers from the Association.

In addition to our regular sponsorship of a high-school student to Boy's State, we supported an elementary-school child to summer camp. We also answered a plea from the junior-high basketball team and provided funds for outfitting the team with new uniforms.

Internally, we continue our officer-training programs and expended some funds for equipment and Police Station maintenance.

I was proud to serve as president of the Association for 1979 and wish to take this opportunity to thank all the Police Officers, the citizens and the local businesses for their efforts, assistance and support of the year's activities.

Pres. Stanley Porter
Hollis Police Benevolent Assoc.

HOLLIS POLICE DEPARTMENT ANNUAL REPORT

During the past year, the Hollis Police Department has seen an alarming, steady increase in the destruction of personal property of which the monetary value has been considerably high. Most of the destruction of other people's property is either done with no witnesses or with witnesses that are unwilling to become involved.

Why wouldn't a witness become involved and call the police? The answer we as police officers hear from the witnesses, who are sometimes the victims also, is "If we turn them in, they might cause even more damage to our property or even burn our home." The victim or witness is being intimidated, in most instances, by a 12-17-year-old person, who if he is caught and charged with a crime must be processed through a juvenile court system.

Some say that juvenile laws offer the offenders too much protection. The history of police bringing the juvenile offender into court who has been charged with a misdemeanor or violations shows that the juvenile receives strength and support from his (her) parent(s) or from their mouthpiece (lawyer). Enough strength in fact to beat the rap "on a technicality." Beating the "rap" on that technicality has suddenly become more important to them than the criminal act which has been committed against a neighbor, friend or stranger.

After the court scene, the juvenile offender often, because of either a weak case, a technicality or a good lawyer is free to continue on in his lust committing more crimes. During this second life the youth has become mindful on how not to get caught again.

At the time this article was written marijuana costs approximately \$50.00 to \$75.00 an ounce. This is certainly too much money for the juvenile offender to steal from his own home without being noticed. The juvenile is forced to reach out into his neighborhood or community committing thefts or burglaries to support his use of illegal drugs. Articles that are stolen, such as televisions, stereos, cameras, etc., are sold at ridiculously low prices and the cash received is used to purchase more drugs. The process continues until the offender is finally arrested again.

Alcohol, marijuana and cocaine are among the most abused drugs, at least among the youths of Hollis. From the Town Common to the area gravel pits, the number of drug abusers increase. Youth from the so-called "good families" and youth from the so-called "bad families" all arrive at the parties. The parties are most likely to occur on the weekend. However, when weather permits, the parties occur during the week as well. Some have even gone so far as to say that school interferes with sleeping after a party during the week. After all that leaves no time to do one's homework assignments.

I know Hollis is no better or worse than other communities with its particular drug abuse, malicious damage and theft problems. However, the youth born out of the 1960's will soon be parents themselves and leaders of our community. Just as history predicts the future, these parents will demand respect for both their property and the rights of their children.

Although 1979 brought with it an increase in the number of burglaries, thefts and malicious damage reports, I am proud to say that proficient investigations done by the Hollis Police Department have also increased the number of apprehensions and convictions of the persons responsible.

As always, the first line of defense against the crime is the citizen reporting the crime. Get involved, neighbor. Report crime when it happens.

Thank you from the Hollis Police Department.

Chief Paul A. Bosquet

**REPORT TO TOWNS
REPORT OF FOREST FIRE WARDEN AND
STATE FOREST FIRE SERVICE**

Prevention and control of forest fires is handled through a cooperative effort between town/city fire organizations and the State Forest Fire Service.

Since 1903, when the first forest fire laws were passed by our Legislature, the State Forester has appointed someone in each municipality as a Forest Fire Warden and charged him with the responsibility of forest fire prevention and control within his town/city. This person may ask the State Forester to appoint as many Deputy Forest Fire Wardens as may be necessary to efficiently carry out his charge.

The State Forester has divided the State into ten forest fire districts with a full time District Forest Fire Chief in each district. The State organization is charged with assisting the municipal forest fire organization in any way possible.

State personnel conduct fire training schools, assist with forest fire suppression, fire cause investigation, prosecution of fire law violators and forest fire prevention programs. Forest fire suppression equipment is purchased through State bulk purchasing ability and sold to local forest fire organizations at one-half cost. Excess military property is obtained and turned over to town/city fire departments at no cost to local departments for conversion into fire suppression units. This cooperative arrangement between State and municipality has resulted in one of the best forest fire records in the United States with less than one-half acre of woodland burned in each fire reported.

1979 Forest Fire Statistics

	No. of Fires	No. of Acres
State	1,099	318
District	32	22½
Town	15	3

Gilbert Testa, District Fire Chief
Roy L. Wilkins, Forest Fire Warden

HOLLIS FIRE DEPARTMENT RESCUE SQUAD

The year started off with the destruction of Woodmont Orchards apple storage building. This fire was a total loss as it had been burning for about 1½ hours before it was noticed.

Temperatures that evening were 14 below zero, which makes fighting a fire of this type hazardous, as all water freezes almost as soon as it touches everything. There were no injuries.

We are being plagued by high school age children having bonfires at gravel pits and town forest areas. These fires are all illegal as they have no permits or permission from land owners. If they are caught, they will pay all damages plus cost of suppression.

We have had 102 calls this year — 4 less than 1978.

This year we had a chance to purchase a 1941 American La-France Aerial Ladder truck, 85' with all ground ladders of different lengths. We used it three times in 1979 and it will more than pay for itself by saving a fireman from possibly sliding off roofs when it is icy. It is handy for chimney fires as we can get to chimneys without putting roof ladders up and possibly tearing shingles. In addition, less manpower is needed the first few minutes at a fire as one man can get the ladder in position and set, while ground ladders may take as many as six men to put up.

The Ambulance Company has done an excellent job again this year. The people on the squad receive no pay except for their training and E.M.T. courses. Keep up the good work, as several people have said previously in letters to the Hollis Times.

We all try to make Hollis a safer place in which to live by keeping our fire budget down but the service up.

I have one of the best departments where everyone works together as a team — fighting fires, rescue or ambulance calls, making it like one big family. Lets try to keep it this way!

Our Hurst tool has been used four times to get people out of cars when they have been trapped inside. Thanks again to the Donor for a fine piece of equipment.

**STATE OF NEW HAMPSHIRE
DEPARTMENT OF PUBLIC WORKS AND HIGHWAYS**

State Highway Aid is available to Hollis during 1980 in these categories:

Town Road Aid, Apportionment A Funds

Chapter 241, Section 2 of the Revised Statutes Annotated, as amended, provides for Class IV and V Construction, Reconstruction or Betterment Aid.

If aid is desired under Apportionment A, the town must raise \$1,533.42 and the State will contribute \$10,222.79.

Highway Subsidy

Chapter 241, Section 14 of the Revised Statutes Annotated, as amended, provides a highway subsidy for maintenance, construction and reconstruction of Class IV and V highways in towns and cities.

Your highway subsidy for 1980 will be \$22,365.66.

Additional Highway Subsidy

Chapter 241, Section 15 of the Revised Statutes Annotated, as amended, provides an additional highway subsidy which shall be used only for construction or reconstruction of Class IV and V highways and shall be used to increase the highway appropriation of the municipality as of 1977.

Your additional subsidy for 1980 is **estimated** to be \$18,791.33.

Highway subsidy payments are made quarterly in January, April, July and October. Accurate records of expenditures must be maintained. Audited reports will be required on a yearly basis, Jan. 1 to Dec. 31, and intermediate reports may also be necessary.

**MERRIMACK VALLEY HOME HEALTH
CARE ASSOCIATION, INC.**

ANNUAL REPORT — 1979

Community home health services to your friends, relatives and neighbors were provided when requested and found to be appropriate and necessary. 1,322 professional nursing visits, 1,632 home-maker/home health aide visits totaling 2,108 hours, 279 physical therapy visits, 66 social service visits, 288 supervisory home visits and 5 nutritional counseling visits were made plus 287 telephone conferences to or on behalf of patients.

Various clinic activities included 2 immunization clinics at which 88 immunizations were given, 12 blood pressure clinics, held at Senior's meetings, at which 344 blood pressure readings and/or health counseling was performed, 58 Seniors received their flu immunization at a special clinic, and one industrial hypertension clinic at which 27 employees were screened and counselled.

Through the advocacy of our social worker Hollis residents received \$1,200 in food stamps and \$1,500 in fuel assistance, \$204 in Supplemental Security income and 750 Meals on Wheels.

We feel proud of the kind and loyal professional and para-professional staff members who work in Hollis. To some of our patients these "helpers" mean the difference between being able to remain in their own homes or having to be placed in an institutional setting, which they dread.

A major effort was made to plan, fund and start construction of permanent adequate housing for the association. Response to our fund raising drive was gratifying and additional donations continue to be received. Occupancy of our new facility is scheduled for late February. Financing of this facility is completely separate from all other association funds and will not be utilizing any of the funds received for providing service.

Board of Directors members from Hollis in 1979 included Mrs. Gilbert Bucknam, Mrs. Robert Hackett, Mrs. Windsor Hunter, Mrs. Richard Jenney, Mrs. Robert Saturley, Mrs. Kenneth Trow, Mr. Francis Cramer and Mr. Donald McFarland. Their dedication to the association's purposes and services is greatly appreciated.

(Mrs.) Dorothy Marcek
Executive Director

1979 COMMUNICATIONS REPORT

1979 was a busy year for all Departments including the Communications Center. As we look back to 1973 when the Center first started, it is easy to see the steady growth that has been going in town. Many new streets have been added, not to mention the new homes that have been built.

Since the Wood Stove Ordinance went into effect this last Fall the Communications Center experienced many calls for information concerning wood stove installations. These calls were referred to the Building Inspector for his action.

During 1979 the Communications Center handled from 5000 to 6000 calls a month. Fortunately most of these calls were for information and not emergency type calls.

Respectfully Submitted
Robert Sundstrom
(Comm. Supervisor)

HOLLIS HIGHWAY DEPARTMENT

1979 REPORT

This past year was a busy one with all the rain we had the month of January and the ice that comes when you have these conditions. Our thanks to all residents for being patient while these conditions existed. At times we had six spreader trucks working to keep roads safe for travel and so emergency vehicles could make it through.

This past summer we completed 4400' of Hayden Road. The road is now paved all the way to Rocky Pond Road.

We are going to be working on Farley and Nevins Road for the next three years.

We surfaced 1000' of Plain Road and took a knoll, which was a hazard, out of South Merrimack Road. We would like to do 1000' more of Plain Road as well as fix the bridge on Mill Road. This bridge has been closed for two years.

Street signs were vandalized and as soon as we can get new ones we will be putting these back up. Speed signs have been placed on some roads.

I am working to get a mobile sweeper from Government Surplus so we can sweep up surplus sand after we surface treat, and re-use it for winter sand.

More and more trash is being deposited on our roads and this takes time and money to clean up. Let's strive to make Hollis a litter-free town by placing our rubbish at the proper places.

I would like to thank the men in the Highway Department who worked long and tedious hours during the winter, sanding, salting and plowing without accident. Also my thanks to all the office help and Austin Chandler for continuing to keep books up to date with house numbers.

If you have any problems feel free to call anytime.

Respectfully submitted,
Roy L. Wilkins, Road Agent

1979 HEALTH OFFICERS REPORT

The weather conditions in the Spring of the year were ideal for the production of a large fly population. Their abundance was a continuous annoyance to the residents of Hollis and the surrounding communities throughout the summer and into late autumn. The health officers investigated many suggested sources and breeding places, but came to the conclusion, along with state health officials, that the problem was not localized and was due to climatic conditions.

An area in which man created a health hazard to the community was the dumping of refuse in unauthorized areas, namely on private property. This was not done by outsiders, but by residents of the community which was confirmed by investigation of the matter dumped or by eye witness reports. Cease and desist orders were issued to the individuals in two of the cases, and the third is still under investigation and should be cleaned up shortly.

Robert Sundstrom, Health Officer
Jeanne Williams, Deputy

DOG OFFICER'S REPORT FOR 1979

Dog owners in the Town of Hollis seem to be doing better with regard to licensing. 180 owners neglected to get their dog tags and had to be fined. As you are aware, all dog licenses must be paid by June 10 or a fine is levied.

Some of our townspeople still refuse to abide by the leash law. For all newcomers, the town does have a leash law.

I received about 500 calls regarding lost dogs, dog laws, dog complaints and dog damage. This is about the same as last year. In addition I received 150 written notices from the Communications Center.

Respectfully submitted,
Ernest G. Pratt
Dog Officer

TOWN FOREST REPORT FOR 1979

Howard Parkhurst continued his usual operations during the past year, cutting only where the future stand will be improved. He also clearcut about 5000' at the new gravel pit near Dunklee's Pond. This pit provided the town with about 4100 yards of gravel in 1979. At 35 cents per yard this saved the town over \$1,400. At the pit the loam has been carefully stockpiled and the sides graded as far as possible at this time. Later in the spring we hope to start reforestration, using small trees from the state nursery. Perhaps we can involve children from the elementary school in this effort.

We continue to lose ground to the beavers. The dam at Parker Pond has been raised, flooding an additional large area and killing a great number of trees. Also another area near Dunklee's Pond has been flooded, with similar results. No one realized what was happening until it was too late and the trees were dead. Howard Parkhurst is salvaging what wood and logs he can but he will have to wait for thick ice before getting most of it. Although we are sorry to lose so many trees, the flooded area probably make better habitat for wildlife.

Much credit is due to Howard Parkhurst, who has worked in the Town Forest every year since 1950. He needs practically no supervision and we are very fortunate to have him work for us.

REPORT OF THE BUILDING INSPECTOR

HOLLIS, N.H. — 1979

Two hundred and twenty-six permits were issued this year. They were as follows:

Single Family Residence	63
Addition to residence	13
Addition to residence and a garage	1
Porch	10
Remodel porch	1
Remodel residence / plus	5
Garage	9
Garage and breezeway	4
Garage and deck	1
Carport	1
Barn	2
Addition to barn	1
Pole building	3
Pole building and wood stove installation	2
Storage shed or building	15
Steel building	1
Enclosure (cooler)	1
Roof	4
Deck	5
Swimming pool	9
Chimney	10
Sign	8
Solar unit	1
Addition to factory	1
Wood stove installation	55

The total cost of all construction was \$4,521,815. These figures represent a decrease of \$1,208,517 over the cost of construction in 1978, as the number of permits issued for single family residence was sixty-three as compared to seventy-two in 1978.

Respectfully submitted,
Ronald S. Boisvert, Jr.
Building Inspector

PLANNING CONTRACT REPORT

TOWN OF HOLLIS

In conjunction with the master planning contract between the Town of Hollis and the Nashua Regional Planning Commission, the following tasks have been completed.

Regional Planning Commission staff provided a full range of technical assistance in the updating of the Hollis Master Plan. Among the areas of assistance were an analysis of existing town facilities with relation to the validity of the Hollis growth control ordinance, a study of commercial zones to determine potential impact, if fully developed, on traffic systems, an inventory of roads and land uses, and an analysis of current land use ordinances and regulations. The final product, The Hollis Master Plan Supplement, has been presented to the Planning Board.

Regional Planning Commission staff also prepared a proposed new zoning ordinance and set of subdivision regulations based on recommendations in the Master Plan Supplement and discussions with members of the Planning Board, Board of Selectmen, and the Legislative Planning Board Committee.

This contract is considered to be complete.

Members of the Legislative Planning Board Committee were:

Zeb Alford	Kenneth Auer
Thomas Enright	Fred Gemmill
Candace Gregg	Morton Goulder
Howard Hunt	Thomas Jambard
Mary Leipziger	Marion Morgan
George Shagory	Erving Simonds
Martin Weinstein	Lawrence Winchester
William Wehrle	Richard Walker
Robert Davison	Philip Mercer
Frank Whittemore	Louise King

HOLLIS PLANNING BOARD

1979 REPORT

Development of new building lots and construction of new homes in Hollis continued at the same level as in 1978. However, most activity occurred during the first half of the year. The increase in interest rates and the tightening of mortgage funds has contributed to the steady rate of Hollis growth. For the same reasons, the 1980 rate of growth of Hollis should lessen.

During 1979, the Board approved 73 new building lots and 67 residential septic plans. Also during the year, 12 regular monthly meetings, 41 abutter hearings and 3 other public hearings were held. Twenty-three subdivision plans, 33 property plans and 6 site plan reviews were conducted.

At Town Meeting in March, two changes to the Zoning Ordinance were approved. The first related to Section VIIIA, District 6, Flood Plain, and the second to Section XC, Residential Construction.

In November, the Legislative Planning Board Committee submitted to the Planning Board, the 1979 Master Plan Supplement report which was the result of over a year's study, deliberation and conclusions. The report included a proposed revised Zoning Ordinance, a proposed revised Site Plan Review Ordinance, proposed revisions to the Subdivision Regulations, and proposed revisions to the Building Regulations. The Planning Board will present the proposed revised Zoning Ordinance to the Town for adoption at Town Meeting in March 1980. The proposed revised Site Plan Review Ordinance will be readied for the 1981 Town Meeting. The proposed changes to the subdivision and building regulations will be further reviewed and incorporated in a complete revision of both regulations during 1980.

The Planning Board is greatly appreciative of the efforts of the Legislative Planning Board Committee for coordinating the sincere and varied interests of the people of Hollis and preparing positive planning proposals for adoption by the Planning Board and the Town. Much time was given by many dedicated Hollis residents to produce the 1979 Master Plan Supplement. All members of the committee are to be congratulated for a job well done.

Normally, the Board holds its regular monthly meeting on the third Monday of the month and conducts abutter hearings on the first Monday of the month. Special meetings are announced.

Residents are reminded that all plans for approval and recording must be reviewed by the Board at its regular meetings prior to the holding of the required abutter hearings. All such plans must be submitted by the second Monday of the month if the applicants expect to have them included in the following month's abutter hearing. All

applications must include a mylar for recording, three prints, a list of names and addresses of all property owners or abutters within two hundred feet of the subject property and a payment of \$1.50 per abutter to cover the cost of certified mail notices.

REPORT OF THE CEMETERY COMMISSION 1979

The Cemetery Commission has continued to meet on a regular basis throughout the year. We feel our major accomplishments this year have been:

1. The centralizing of our records at the Town Hall offices.
2. The provision, by the Selectmen, of an office to hold our regular meetings.
3. Continued updating of equipment for the care of the cemeteries.
4. Awareness of the need for a part-time secretary to provide better record service to the community.

GOALS FOR 1980

1. To continue to upgrade the public services.
2. To review and establish long-range goals for the town cemeteries.

Respectfully submitted,
Percy L. Snow, Chairman
Eleanor H. Whittemore, Secretary
Laurie L. Harris
W. Boyd Weston
Wendell C. Wright

HOLLIS CONSERVATION COMMISSION

1979 ANNUAL REPORT

In the past year the Hollis Conservation Commission purchased from Charles A. Lord, 23.5 acres of land bordering both sides of Flints Brook where it flows through a valley from Rideout Road to the point where it empties into the Nashua River. Included in this purchase is approximately 718 feet along the banks of the Nashua River. This purchase was made with the aid of matching funds from the Federal Land and Water Conservation Fund in keeping with the Commission's continuing effort to protect all brooks and streams within the town of Hollis. Since this purchase will also add to the continuous Greenway we hope to have along the Nashua River in the future, the Nashua River Watershed Association also provided invaluable assistance to the Commission in acquiring this land. This section of Flints Brook is already well-known to local fishermen who have worn a path beside it, as well as to nature lovers who will rejoice that this unique area of Hollis will be preserved.

We also accepted with deep appreciation a gift of approximately sixty acres of land given by Karl E. Norwood to the Town of Hollis. This land is located between the Oakwood subdivision in Hollis and Pennichuck Pond, thus forming a buffer zone and providing protection for one side of the pond as well as for the several brooks which form the boundaries for the property. Much of the land is wetland which performs an invaluable function in the stabilization of our water supplies. The Commission is grateful to Mr. Norwood for this beneficial gift to the town.

The members have marked the boundaries on the Lord property and hope to also mark the bounds on the Norwood property in the near future.

Two work projects of pruning and weeding were carried out this year; one by the Hollis Rangers on the Pearl Rideout lot, the other by a C.E.T.A. crew on the Runnells Bridge Wright lot. C.E.T.A. is a government program for unemployed young people. Not only was much good work accomplished but we also received a small payment under a Government forestry incentive program. Since this was labelled as a forestry program the money was put into the Town Forest account.

Members of the Commission have cooperated with other conservation-minded organizations throughout the year, assisted the Nashua River Watershed Association with their annual canoe trip down the Nashua River and attended the state meeting of the New Hampshire Association of Conservation Commissions where towns throughout the state can send representatives to gather information and seek solutions for their shared conservation problems.

Members also attended the annual meeting of the Nashua River Watershed Association where our member Jeff Smith received an award for his outstanding contribution to the cause of conservation.

Mr. Austin Chandler continues to assist the Commission by researching property lines and correcting maps and we are most appreciative of his generous donation of time whenever it is requested.

We wish to thank the townspeople for their continuing support to the cause of conservation.

Respectfully submitted,
David Sherman, Chairman
Claire Goulder
Ralph Hardy
Roland Schellenberg

Jeffrey Smith
Robert Davison
Vaughan Pitman

HOLLIS RECREATION COMMISSION

REPORT FOR 1979

The Recreation calendar started with a ski program at Mt. Watatic in Ashby, Mass. There were approximately 70 children who participated in this activity.

The Little League Program, under the direction of Art Rockwell, was very successful. There were five major league teams and 8 minor league teams. In addition, a Hollis Little League Invitational Tournament was held with teams from Litchfield, Brookline, Milford and Hollis competing.

As a part of this Invitational Tournament, a special ceremony was held honoring Jack Law for his many years of outstanding service to the Town of Hollis.

The Girls Softball Program, directed by Cheryl Henry and Barbara Madsen, was again enthusiastically received. There were 9 teams that were competing. In addition, there was a team of 20 girls in the Summer Softball program that played against teams from surrounding towns.

The Babe Ruth Program with Tom Lapierre in charge consisted of two 14-15 year old teams and one 13 year old team playing in the Merrimack Valley League.

There were five tennis tournaments, under the direction of Dot Colson and the Tennis Committee, during the year in addition to excellent youth and adult tennis lessons. Also there was a men's ladder program that was run during the summer that was well received. The tennis lights were used more frequently than in the past with two nights per week reserved for students at \$1/hr.

The Swimming Program, with Marilyn Fontana in charge, was held again at Silver Lake with excellent participation.

The Summer Basketball Program was held at Nichols Field with four teams participating.

The Summer Playground Program, run by Kim and Heather Colson, was very successful. There were many interesting activities scheduled including the "Little Red Wagon" Puppet Show over July 4th. Also the dog show held as part of this program was chosen as one of the ten best dog shows in the Nation by the Ken'l Rations Sponsors. There were three field trips (Red Sox, Mt. Monadnock and Deep Sea Fishing) that were well attended. Kim and Heather also were in charge of tennis lessons for both children and adults. Many favorable comments were received about the excellent job both girls did.

September saw the start of the Soccer Program. The turnout of almost 100 children was tremendous and they all received excellent coaching by Paul Hayner, who was in charge, assisted by Lionel Bourassa.

The Winter Basketball Program had fifty boys and girls signing up, grades 4-12. There were three teams grades 4-6 and two teams grades 7-9, under the direction of Lou Zivic.

“Old Men’s” Basketball started up in October on Monday nights with Peter Lubinsky overseeing it. In addition, there is an Adult Volleyball night on Tuesdays at the Hollis Junior High School.

The Ski Swap, held on November 6, was again a success. Items not claimed were again donated to the Nashua Boys’ Club.

In October Wilt Jones resigned from the Recreation Commission Chairman’s position after many years of service. Our thanks to Wilt for a job well done. He was replaced on the Commission by Art Rockwell. From April to September John Stiles served us as Recreation Coordinator.

Plans were drawn by Rick Hardy and Paul Hayner for a much needed shelter at Nichols Field. This is expected to be completed in 1980.

Part of the satisfaction of working on the Recreation Commission comes from working with the young people of Hollis and also from being able to work with so many dedicated volunteers in town who make the programs possible. On behalf of all Recreation Commission members, I would like to thank all these volunteers for their time and effort.

Respectfully submitted;
Paul Roussel, Chairman
Barbara Madsen, Secretary
Cheryl Henry, Treasurer
Paul Hayner
Marilyn Fontana
Art Rockwell

PROPERTY MAP PROJECT

1979 ANNUAL REPORT

We are pleased to report that the property maps are available for sale in the Selectmen’s Office. You may purchase the entire set or individual maps which you require. Maps will be updated once a year.

We will now concentrate on keeping the index current so that it may help those who are involved in looking up the ownership of various properties in town.

Austin Chandler
Town Map Coordinator

NASHUA REGIONAL PLANNING COMMISSION

ANNUAL REPORT: TOWN OF HOLLIS

Under the guidance of Hollis residents, Mary Leipziger, and the other 22 area Commissioners, the Nashua Regional Planning Commission has accomplished the following tasks since March, 1979.

Local planning assistance to Hollis included some graphic work, site plan review assistance, and traffic analysis. The Hollis zoning ordinance map was updated in March 1979, and prints were made for public distribution. Assistance was provided to the Hollis Planning Board in their site plan review of the Hollis post office proposal. The Hollis commercial area was reviewed to estimate the potential effects that commercial development would have on the highway serving the area. Other local planning assistance was provided in conjunction with contract work for the update of the Town's Master Plan and zoning ordinance.

Additionally, with your continued support, we have provided planning services and programs of general benefit to Hollis. A survey of area building inspectors provided us with an updated account of residential activity within the region. Development of tools for analyzing fiscal impacts of development has allowed us to assist at least two communities in determining the validity of their growth controls while expanding our expertise to assist other towns in the region with the same types of analyses. In May, a joint planning board meeting focused attention on the legal aspects of growth control techniques as seen by Keene's City attorney, Charles Morang; the session was attended by representatives from municipal planning boards, boards of selectmen, and boards of adjustment. A sample outline for a master plan was developed and has been used by at least six (6) of the twelve (12) area communities in their planning efforts. A regional land use plan has been developed and will soon be available for distribution.

To foster its role as a disseminator of information, the Commission has expanded its publication of the **Soundings** newsletter to provide pertinent funding, planning and programming information to almost 500 local and state officials and interested citizens. Copies of various publications were widely distributed, including manuals on flood plan management, handbook for zoning boards of adjustment and the text of current planning enabling legislation. In its role as "A-95" Review agency to ensure consistency of funding proposals with regional goals and to prevent duplications of effort, the Commission reviewed approximately 175 applications over the last year.

As a result of your local support, we were able to match federal program funds to begin the preparation of a handbook, expected to be available by mid-summer, which will assist local sounding boards deal with planning and organizational issues. A program has been set

up to deal with air quality problems that have plagued busy street intersections.

We are looking forward to continued service to Hollis in the coming year and welcome suggestions on how we might best serve you. Are there studies, surveys or projects you have back-shelved for lack of money to hire a consultant for which we may be of assistance? In Hudson for example, we conducted a study of 266 homes built since 1977 to determine the fiscal impact these homes have had on the town budget. Merrimack obtained an updated zoning ordinance map through our graphic services and drew upon our assistance for a traffic origin and destination study conducted in the fall. Other projects might include an assessment of future needs for open space and recreational lands, a study of existing land use problems, traffic volume counts for key traffic spots, review of a certain ordinance or regulations, or recommendations on commercial and industrial development.

We look forward to any request for service you may have and hope that we may continue to provide practical planning services that will benefit Hollis.

CAPITAL NEEDS COMMITTEE

During 1979 continued progress was made toward a system of orderly replacement of existing town equipment and planning for additional future needs. By appropriating funds on a scheduled basis over the life of the equipment, when replacement is necessary the major portion of the funds will be available. This will minimize the fluctuations and effects on the town budget from year to year.

During 1979 funds from Capital Reserves were not needed to be expended to purchase replacement equipment and the monies were pooled to get maximum interest on these funds.

Another function of this committee is to look forward for potential future needs such as major one time projects. In this area is the future fire station and relocation of the present police station and Communication Center. This project continues to be a major area of emphasis this year and will become even more critical next year.

In order to forecast these needs better, the Capital Needs Committee annually presents for consideration by the Selectmen a five year plan of reserve needs.

Respectfully submitted,

To the Hollis Board of Selectmen:

We have examined the accounts of the Tax Collector, Town Clerk, Treasurer, Board of Selectmen, Trustees of the Trust Funds and Revenue Sharing Funds in accordance with audit requirements set forth by the State of New Hampshire, Department of Revenue Administration, Municipal Services Division. Our examinations were made in accordance with generally accepted accounting standards and accordingly included such other auditing procedures as we considered necessary in the circumstances.

In our opinion the financial statements examined by us present fairly the financial position of the Town of Hollis at December 31, 1979 and 1978 and the changes in financial position for the years then ended.

Lawrence W. Morrison
William E. Wehrle
Town Auditors

Hollis, New Hampshire
February 11, 1980

HOLLIS SOCIAL LIBRARY

1979

The library made a major purchase this past year and had a fairly major repair job done. The purchase was a new (actually a used) card catalogue, a much needed piece of equipment as our old card catalogue was bursting at the seams. The repair job involved recaulking and painting of the copper dome to prevent any further leakage (which was considerable). Now that the roof has been re-shingled and the dome recaulked we do not anticipate further trouble from that direction for many years.

In a special meeting to establish short and long term goals, the trustees and librarian agreed that added shelf space was a top priority. The two closets on either side of the entrance have been cleared out and metal shelving (also used) ordered for both. We have also ordered two free-standing units of magazine shelving, which will replace our present magazine rack. We are trying to increase the number of magazine subscriptions and will welcome any suggestions from you regarding magazines you would like us to provide.

Because we are concerned with energy cost and conservation — and who isn't? — we have set aside money to install insulation in the attic floor and two ceiling fans to circulate the heated air downward. The selectmen were consulted and they agreed that these improvements are worthwhile.

In the early fall Fred Gemmill very kindly showed us the boundaries of the library land and provided each of us with a map of said boundaries and a copy of the original deed. Franklin Worcester conveyed the land “for the purpose of locating and sustaining a Public Library for said Town and for locating and sustaining horse sheds by the Town or citizens of the Town and it is conveyed for these purposes only”.

Please remember — this is **your** library. If we don't have what you want, we can probably get it for you. We also welcome your suggestions and constructive criticisms — we're here to serve **you**.

ANNUAL REPORT

SOUHEGAN REGIONAL LANDFILL DISTRICT

Early in 1979 the State of New Hampshire Bureau of Solid Waste Management approved the Operational Plans of the Souhegan Regional Landfill District for the development and use of the remaining land available under the lease from the Town of Amherst. A significant portion of the area has been cleared and at year end specifications for the required excavation work, involving several hundred thousand cubic yards of fill, were being finalized.

New inspection and maintenance schedules were a part of the contract terms on which competitive bids were received for the hauling and maintenance of trailers used in transporting refuse from Brookline, Hollis and Mont Vernon. As a part of the maintenance program all of the trailers were thoroughly sandblasted and repainted.

In the fall new landfill hours for Amherst residents were adopted. Extended hours were scheduled on Tuesday, Thursday and Saturday which more than offset the hours lost as the result of closing the landfill on Sunday. The total volume of refuse is now being received on a more even basis thus contributing to greater efficiency in compacting and in the use of cover material.

In Brookline, Hollis and Mont Vernon the volume of refuse received on Saturday and Sunday taxes the capacity of the trailers. The towns are being requested to reschedule the hours that their collection sites will be open so that more of their citizens will go to the "dump" during the week when the refuse can be accommodated by the Districts' existing equipment — equipment which is more than adequate to handle two or three times the present volume.

After careful deliberation, which included presentation and proposals from a number of manufacturers, the District ordered a new tractor for use at the landfill. The old tractor required an extensive and expensive overhaul at a cost that was felt could be better expended toward the purchase of a new larger and heavier piece of equipment that will do a more efficient job of compacting the refuse.

Albert C. Dudley — Mont Vernon

William I. Marble — Amherst

Florence H. Palmer — Brookline

Ronald E. Stillman — Amherst

Frank Whittemore — Hollis

ZONING BOARD OF ADJUSTMENT

1979

The following applications for Variances and Exceptions were heard and determined by the Hollis Zoning Board of Adjustment during 1979:

February

Case 79-1: John T. Nightingale. Request for a Special Exception to permit extension of the boundary of the Agricultural and Business District for a distance of approximately 87 feet on property of Nightingale's on Proctor Hill Road. Granted.

Case 79-2: Leigh Rohrer-Thayer. Request for a Variance to permit construction of a single family residence having a maximum height of 41 feet, in excess of the 38 feet permitted by the Ordinance. Granted under condition that land contour to west of house be elevated in order to accommodate safe use of town's existing fire equipment.

March

Case 79-3: Douglas Orde. Request for a Variance to permit construction and operation of school bus garage at 65 Silver Lake Road. Granted with conditions regarding safety, renewal, and other requirements.

Case 79-4: Michael J. Stapanon. Request for a Variance to permit remodeling and enlargement of a residence on a non-conforming lot at 15 Wood Lane. Granted with conditions regarding set-backs, drainage, etc.

Case 79-5: Gerald J. Letendre on behalf of Diamond Casting and Machine Co., Inc. Request for a Variance for enlargement of non-conforming manufacturing use. Granted subject to certain design and use conditions.

April

Case 79-3/6: Russell D. Worcester and Mary Worcester Williams. Application for rehearing of Orde case (No. 79-3) for Variance for school bus garage. Variance granted upon rehearing subject to same conditions plus one added condition regarding maintenance of vegetative screening.

May

Case 79-7: Dana Lund. Request for Variance to construct two-family residence on non-conforming back lot. Granted subject to

conditions relative to septic system, heating, and water systems and to be occupied only by related family units.

July

Case 79-8: Albert F. Brunelle. Request for Variance to permit extensive remodeling and enlargement of residence on non-conforming lot at 124 Silver Lake Road. Denied.

Case 79-9: Albert F. Brunelle. Request for Variance to permit construction of carport on non-conforming lot at 124 Silver Lake Road. Denied.

Case 79-10: William H. Vollheim. Request for a Special Exception for removal of loam from property at, and adjacent to, 60 Howe Lane. Granted with conditions concerning safety, minimization of nuisance, bonding, etc.

August

Case 79-11: James Pitarys. Request for a Special Exception to permit extension of the boundary of the Trailer Park District beyond present boundary into the Residential and Agricultural District. Denied.

Case 79-12: Arthur Woods. Request for Variance to permit expansion of non-conforming use by construction of walk-in cooler and enlargement of building doing business as Monument Square Market. Granted subject to certain construction conditions.

Case 79-13: George H. LaBarre. Request for a Variance to permit operation of a business in Residential and Agricultural District at 59 Runnels Bridge Road. Denied.

Case 79-14: T. Robert Valicenti. Request for a Variance to permit sign exceeding size limits imposed by the Ordinance at 2 Main Street. Denied.

September

Case 79-13/15: Steven C. Cohen, Nancy L. Cohen, George H. LaBarre. Rehearing of application for Variance (Case No. 79-13) to permit operation of a business in Residential and Agricultural District at 59 Runnels Bridge Road. Denied.

Case 79-16: Steven C. Cohen, Nancy L. Cohen, George H. LaBarre. Appeal from an Administrative Decision regarding operation of a home-occupation or business at 59 Runnels Bridge Road. Denied.

Case 79-17: J. C. Lambert. Request for Variance to permit continued use of a building located at less than required set-back from property line. Denied.

October

Case 79-18: John Wolters. Request for a Special Exception to permit construction of access roads and utility rights in wetland conservation area related to other land development on Wheeler Road. Granted.

Case 79-19: Raymond and Joyce Wheeler. Request for Variance to permit addition of porch to residence on non-conforming lot at 114 Silver Lake Road. Granted.

November

Case 79-20: Edmund C. Beebe, Jr. Request for Variance to permit operation of real estate office and craft shop in Town Center District adjacent to Agricultural and Business District. Granted subject to use restrictions.

Case 79-21: The Norwood Group, Inc. Request for Variance to permit sign in excess of size limits imposed by the Ordinance. Denied.

Mr. Hollis P. Nichols
Pepperell Road
Hollis, N.H. 03049

Dear Mr. Nichols:

The Hollis Board of Selectmen is in receipt of your letter with enclosures of recent date. It would be quite impossible for us to convey to you in words our thoughts relative to your generosity. None the less, on behalf of the entire town, we are sincerely appreciative of your continued faith in the ongoing recreational activities which will benefit mightily from your support. In these days when we find ourselves surrounded by so much that is superficial, true concern for our youth and its meaningful development is both rare and precious. The Nichols family should take great pride in this notable ongoing accomplishment.

In the matter of the Marion Nichols Fund, we concur with you that combining it with the Charles J. Nichols Fund would make good sense.

We trust you and yours shared a happy Holiday season, if "snow-less".

Sincerely yours,
Richard A. Walker
Philip Mercer
Frederick Q. Gemmill
Selectmen of Hollis

S:lrk

DOINGS OF THE SELECTMEN — 1979

As 1979 commenced the Board of Selectmen was impressed with the multiplicity of problems, many growth related, confronting Hollis. The decision was made that a new team approach to these problems would be effective. To this end a regular weekly meeting schedule was set up with the department heads, monthly meetings were established with the Representative to the General Court and the Chairman of the School Board. In conversation the reference was frequently made of a team effort in all areas. The results speak for themselves.

First you have to update your plans. This task fell to the Legislative Planning Board Committee. It completed 18 months of work by turning over to the Planning Board an entire Zoning Ordinance for review, hearings and, hopefully, voter approval. Along with the Zoning came a new Master Plan and a concept for subdivision regulation changes to promote growth control.

Running the Town is very much a business, and a new policy of generating invested fund income has begun. By making a careful cash flow analysis, both Town and School, it has been possible to earn a net of over \$30,000 this year which will help substantially to reduce the tax burden in 1980.

In reviewing cost figures, it was decided to put the entire Town insurance package out to bid for 1980. An analysis of current coverage showed a need for new and broader limits in some areas, which was met with an excellent return for time expended.

January 1, 1980 was the deadline for having a Town Tax Map completed by State law. We are happy to report the maps are on display in the Town Office, with credit going to Map Coordinator Austin Chandler, aided and abetted by Fred Gemmill, Jeff Smith and many, many other contributors. It has been the Selectmen's pleasure to join Mr. Chandler in evening work sessions at his office over the last several years.

The work of restoring the Town Hall, begun as a bicentennial project by the Woman's Club is just about complete. This year a new hardwood floor was laid in the upper town hall. The old Selectmen's Office has been completely redecorated and is now an attractive small conference room. Gutters have been added to the new roof by the Public Works Department and a new asphalt apron replaces the broken concrete at ground level.

The Fire Department, always on the lookout for new methods, located a ladder truck in Avon, Connecticut in mint condition. This truck greatly enhances their capability to deal with conflagrations. The Police Department, under the direction of Chief Bosquet, has implemented the "Hollis Concept" providing a vastly improved level of protection to persons and property.

The Board of Assessors, in their annual re-evaluation of all real property in Hollis, added some six million dollars to the tax base reducing the tax rate for 1979 slightly.

The Board is conscious at all times of how much more effective its efforts are due to efficient office staff. Many people do not realize that until 1975 there was no secretarial personnel. Mrs. King and Mrs. Clark together with Mrs. Trottier are to be congratulated for their fine work.

In closing, the Board of Selectmen would like to communicate its concern to the voters as to the insufficient land currently owned by the Town for the outdoor recreation programs now being carried on. There is an extreme need for additional land adjoining the Nichols Field on Depot Road. Over 1,000 of our young people participated in activities in this small area in 1979. An article will be included in the warrant for town meeting 1980 to acquire this extra open land before it is too late. Likewise an article will also be included for the Lund Land, 4.6 acres fronting on the west side of Silver Lake, which would be administered by the Recreation Commission and advised by the Conservation Commission as well as the Board of Selectmen. The voters' attention is directed to these two articles for land acquisition before the opportunity is lost permanently.

Respectfully submitted,
Hollis Board of Selectmen
Richard A. Walker, Chairman
Philip Mercer
Frederick Q. Gemmill

ANNUAL TOWN MEETING — MARCH 13, 1979

The meeting was called to order by Moderator Roger Hammond at 7:00 A.M. for voting under ARTICLE 1 for the election of Town Officers. Voting continued until 7:05 P.M. The vote was announced at 10:25 P.M. when the meeting was recessed until March 14 at 7:30 P.M. in Walters Auditorium.

2349 on Checklist Total Ballots cast 1042 Regular Ballots 1015
Absentee 27

A close vote was recorded for Selectman as follows:

Joseph A. Dube 46 Frederick Q. Gemmill 479 William H. Hall 473

On March 25 William H. Hall filed a request for a recount.

The recount was held in the Lower Town Hall on April 1, 1979 at 6:00 P.M. with the following result:

Joseph A. Dube 46 Frederick Q. Gemmill 480 William H. Hall 472

QUESTION ON THE BALLOT

Property Tax Exemption for Solar equipped property
YES 513 NO 229

ZONING ORDINANCE AMENDMENTS

No. 1: To forbid the issuance of a Residential Building Permit for five years to the buyer of any building lot purchased without a Building Permit. YES 747 NO 223

No. 2: Qualifies the Town of Hollis so that its residents are eligible for low cost National Insurance, a program of the United States Department of Housing and Urban Development.
YES 853 NO 140

No. 3: That no construction or land fill can be done in the designated Flood Plan and that no Variances may be granted for any project which would increase flood levels. YES 826 NO 159

No. 4: To revise the Building Fee schedule. YES 795 NO 194

The recessed meeting was opened by Moderator Roger Hammond at 7:30 P.M. Rev. Alan McIlwaine offered prayer.

Selectman Richard Walker presented Frank Whittemore a copy of Worcester's Town History in recognition of his twenty-seven years service to the Town.

ARTICLE 1 — Motion by Jim Belanger to postpone action on this article until action on Article 26 is completed. Seconded by Jeanne Williams. Carried.

ARTICLE 2 — Motion by Jim Belanger to accept the reports of the Selectmen and other Town Officers and Committees as printed in the Town Report. Seconded by Fred Pitman. Carried.

ARTICLE 3 through 21 — Motion by Jim Belanger to group these articles with one vote in the affirmative. Seconded by Jeanne Williams. Carried.

ARTICLE 3 — to authorize the Selectmen to borrow money in anticipation of taxes.

ARTICLE 4 — to accept State Aid for the Construction of Class V roads and appropriate the sum of \$1,548.48.

ARTICLE 5 — to authorize the Tax Collector to accept prepayments of taxes in multiples of \$10.00.

1. To determine and appoint the salaries of the School Board and Truant Officer and fix the compensation of any other officers or agents of the district.

2. To hear the reports of Agents, Auditors, Committees or Officers chosen, and pass any vote relating thereto.

3. To choose Agents and Committees in relation to any subject embraced in this warrant.

4. To see if the district will authorize the School Board to make application for, receive, and expend in the name of the district such advances, grants and aids, or other funds for educational purposes as may now or hereafter be forthcoming from the United States Government, or from the State of New Hampshire, or from any other state or private agency.

5. To see if the district will vote to raise and appropriate the sum of \$5000.00 to engage the services of an architect to prepare preliminary drawings, specifications, cost estimates and items related thereto for a high school expansion/renovation project. (To be added to 1980-81 budget).

6. To see if the district will vote to raise and appropriate the sum of \$10,000 or more for the purpose of implementing energy conservation measures in the district's schools. (To be added to 1980-81 budget).

7. To see what sum of money the School District will vote to raise and appropriate for the support of schools, for the payment of salaries and benefits for the school district officials, employees and agents, and for the payment of statutory obligations of the district.

8. To transact any other business which may legally come before said meeting.

Given under our hands at said Hollis this 12th day of February, 1980.

SYNOPSIS OF HOLLIS SCHOOL DISTRICT MEETING

March 12, 1979

The annual School District Meeting for Hollis was held at Walters Auditorium on March 12, 1979 at 7:30 PM. Moderator Hammond opened the meeting and read the call of the warrant.

Article 1. Voted to pass over this article and act upon it under Article 7.

Article 2. Voted to accept all reports as printed in the Town report.

Article 3. Voted to pass over this article.

Article 4. Voted to accept this question as read.

Article 5. Voted to raise and appropriate the sum of \$10,000 to purchase any land that might become available adjacent to the present High School site.

Article 6. Voted to raise and appropriate the sum of \$23,000 to carry out phase one of "Acoustic Renovations" at the Hollis Middle School.

Article 7. It was voted to raise and appropriate the sum of \$2,513,128.87 for the payment of salaries and benefits for the school district officials, employees and agents, and for the payment of statutory obligations of the district.

Article 8. It was voted that this article be passed over.

Article 9. There being no other business to come before the meeting, the meeting was adjourned at 8:55 PM.

Retiring treasurer and clerk Richard Saunders was thanked for his years of service to the Hollis School District.

Richard Saunders, Clerk

HOLLIS SCHOOL DISTRICT

Special School District Meeting

June 28, 1979

The Hollis School District Special Meeting was held at the Walters Auditorium on Thursday, June 28, 1979, at 7:30 PM, with approximately 85 people in attendance.

Moderator Hammond read the call of the Warrant.

It was moved by Gerald Hornik, seconded by M. Dunbar that the District raise and appropriate the sum of \$52,185 for the replacement of the Hollis AREA High School gymnasium floor.

Jane Ballard, chairperson of the Hollis School Board, made a presentation in regards to the chronology of events which led up to the evening's school district meeting.

It was moved by George Clark, seconded by Gerald Hornik that the motion be amended to read: the district raise and appropriate the sum of \$57,385 for the replacement of the Hollis AREA High School gymnasium floor, and equipment related thereto.

The vote by ballot for the amendment was 57 yes, 28 no. The amendment passed.

The original motion as amended was then voted upon by paper ballot — 67 yes, 20 no. Motion carried as amended.

Upon motion from the floor, from Mr. Belanger, seconded by Mr. Fischer, the meeting was adjourned at 9:30 PM.

Evelyn Lutz, Clerk

DEPARTMENT OF REVENUE ADMINISTRATION

Concord, N.H. 03301

To: Mrs. Jane Ballard, Chr.
Hollis School Board
P.O. Box 328
Hollis, N.H. 03049

Your report of appropriations voted and property taxes to be raised for the 1979-80 school year has been approved on the following basis:

TOTAL APPROPRIATIONS	\$2,570,514.00
----------------------	----------------

Revenues and Credits

Unencumbered Balance	15,382.00
Sweepstakes	21,711.00
School Building Aid	49,041.00
Aid-Foster Children	600.00
Incentive Aid	5,062.00
Vocational Education Reimbursement	24,020.00
School Lunch & Special Milk Program	84,285.00
Temporary Deposits	5,000.00
Tuition	350,000.00
Trust Fund Income	3,000.00
Rent	1,000.00
Water Receipts	150.00
TOTAL SCHOOL REVENUES & CREDITS	\$ 559,251.00
DISTRICT ASSESSMENT	<u>2,011,263.00</u>
TOTAL REVENUES AND DISTRICT ASSESSMENT	<u><u>\$2,570,514.00</u></u>

Lloyd Price, Commissioner

HOLLIS TOWN REPORT

ELEMENTARY SCHOOL

The opening day of school saw the new addition nearly ready. The carpet arrived two days before school opened and the last section was installed the second day of school. The faculty and custodial staff worked very hard to move furniture, arrange bulletin boards and make the opening of the new addition as smooth as possible.

Nadine Densmore, librarian, spent many hours during the summer moving books and materials into the Resource Center. With the additional help of Jane Reid, and other parent volunteers she had the Library/Resource Center very attractively decorated and all books, media materials and audio visual equipment ready for the beginning of school.

The traffic pattern within the school has worked very smoothly. I wish to thank the building committee for the dedicated service they have given from the planning stage of the Elementary addition to building completion.

The new staff additions for the school year 1979-80 are as follows: Marion Tudan in Readiness replacing Priscilla Levasseur, who is on sabbatical leave; Maria Bulson replaced Joan Frank in Readiness, as she moved to Florida this fall; Karen Mayes was hired as an additional first grade teacher; Susan Kilpatrick returned to grade two after a year's maternity leave; Cheryl Paradis was hired as a third grade teacher to replace Theresa Willett who moved to West Virginia; James DiPaolo was hired to teach grade four to replace David Dupont, who left to take a position in industry; Anne Hoag was hired in grade five to replace Jane Savage, who is on a year's leave of absence; Karen Peterson was hired as an additional fifth grade teacher; David Hagemeyer was hired as an instrumental music/6th grade classroom music teacher; Ann Caldwell, Helen Wood and Kathy Parkhurst as educational aides.

Martha Lancourt was hired as a half time Physical Education teacher to allow Eleanor Harriger to serve as a half time assistant principal. Miss Harriger has done an excellent job in coordinating the Pupil Personnel Team, assisting in budget preparation and in handling the day to day problems that have to be dealt with.

The June Jamboree was a "HUGE" success under the very capable guidance of Judy Lawler and Marcia Heinrich. It provided a lot of fun and was financially successful. H.E.P. has used the money to buy a kiln for the art program and gave \$950.00 toward the purchase of a new piano for the music program.

The teachers continue their work on the accountability program and have been active in developing curriculum presentations for the school board.

We wish to thank the school volunteers who work in all areas of the educational community. It is only with your help that we are as successful in meeting the individual needs of students, providing services for students and making the cafeteria run smoothly.

A "Special Thanks" to Ann and Jerry Desmarais for their help on the June Jamboree, after school movies and in making the school environment a clean and pleasant place in which to learn and work.

I wish to thank all staff members for the dedication and enthusiasm with which they approach their professional duties. The present staff is especially sensitive to the needs of individual students and does its best to provide a program which will address these assessed needs.

Respectfully submitted,
Gordon Bean

HOLLIS JUNIOR HIGH SCHOOL

OFFICE OF PRINCIPAL

The 1979-80 school year opened with a number of new features. After incorporating the sixth grade into the elementary school, the school was renamed by the school board as the Hollis Junior High School.

At the school district meeting last March the voters approved a plan to completely enclose two rooms. This action has made a tremendous improvement within our building. It provides an area for films, student reports and skits, and permits the teachers to schedule activities which previously they feared would create excessive noise. Another significant improvement to the building this year was the construction of a foyer for the Industrial Arts area and a storage closet for the Art department.

An athletic field (badly needed) was constructed to be used by the Physical Education department and the after school program.

Through the generosity of the Hollis Lions Club, street lights were installed on Pound Road to illuminate a previously dark roadway. We are grateful to them for this project.

We began the school year with the following new staff: Deirdre Adams, nurse; Elsie Barnard, Guidance; Jann Gledhill, Special Needs; Barbara Husbands, Librarian; Brian McGee, Industrial Arts; Fred Meshna, Math Science; Elizabeth Petrino, Math; Noella Pichette, French; and Carolyn Rosenfelder, English-Gifted.

The Home Economics and Industrial Arts programs attract both boys and girls, indicating that these courses are meeting a greater variety of interests of the students. They may fulfill their music requirement by choosing from band, chorus, piano, guitar or general music; we are committed to encouraging the students to make their own choices in these areas.

Homogenous grouping is maintained in the critical areas of Math and Language Arts and heterogenous is utilized in the remaining subject areas.

Michael Gormalley is the Student Council advisor this year. The council has been reorganized and is providing additional activities for the student body while building pride in the students for their school.

The seventh grade will attend the Stone Environmental School in Ocean Park, Maine for a one week program to study the salt water environment of the coast. This program will provide an opportunity for them to compare and contrast this experience with their previous

study of the forest, field and fresh water ecology which they explored in the sixth grade.

Staff members are involved in reviewing and updating all areas of the curriculum and working on the New Hampshire Accountability Plan.

We sincerely thank the dedicated school volunteers for the many hours they have contributed to the students and to the ongoing operation of the Hollis Junior High School.

Respectfully submitted,
Robert McGettigan

HOLLIS AREA HIGH SCHOOL

PRINCIPAL'S ANNUAL REPORT

The High School took on a new look during 1979. The White Building was painted inside and out and all of the old classroom doors were replaced. The classrooms and the corridors in the Main Building received a fresh coat of paint. A new gym floor and bleachers were installed in time for the second half of the basketball season. These renovations helped to increase the pride that the students have toward the High School.

Our curriculum was modified and expanded. Honors English for freshmen and sophomores was offered for the first time. Introduction to Social Studies and Geography were made available to the freshmen. We are also providing a solid program for our special needs students now that we have the services of a full-time special needs teacher. The addition of a half-time English teacher allowed us to reduce the size of some of the English classes, and increasing our guidance staff by one-half provided more guidance service for our students.

The very active student government expanded to include four representatives from each class. The representatives are in addition to the four class officers and the four student council officers. This year's Student Council President, Paul Ham, has continued the tradition of active leadership.

The High School Parent Volunteers under the direction of Mrs. Nancy Fischer could always be counted on to help out in the kitchen, the guidance office and various curriculum areas.

The Hollis/Brookline Accountability Committee and its subcommittees developed Essential Student Outcomes and Performance Indicators in Mathematics, English, U.S. History and N.H. History. We are well on our way toward implementing the state mandated Accountability Plan.

My third year in Hollis has again been enjoyable. We will continue to strive for excellence in our educational program for the Hollis and Brookline Students.

Respectfully submitted,
Daniel F. Moegelin

REPORT OF THE SUPERINTENDENT OF SCHOOLS

In Hollis, the 1979-80 school year has been made memorable by the energy crunch, lack of snow, the moving of the sixth grade back to a renovated elementary school, the replacement of the gym floor at the high school, and the acoustical improvements at the junior high school. This year also is the first year of operation for School Administrative Unit 41 with Brookline and Hollis as the only member districts.

Several School Board appointed committees have been continuing work that was assigned previously. The Accountability Committee has developed performance indicators and essential student outcomes for grades 4, 8, and 12 in English, Mathematics, United States History/Government and New Hampshire History/Government. Competency testing in those curriculum areas has been developed and is in the process of being evaluated for reliability. Promotion of improved student performance is the primary purpose of the accountability project.

The Hollis School Planning Committee subcommittees (Curriculum, Site, Facilities, Long Range Alternatives, Short Range Alternatives, and Demographics) have been working diligently to prepare in-depth reports which will assist the School Board and administration in decision making for the future of the District.

School Board members, School Planning Committee members, and administrators have met with a Brookline school study committee to discuss future educational planning. Although Brookline and Hollis are in the tenth year of a twenty year AREA agreement which provides for secondary school pupils from Brookline to attend Hollis schools on a tuition basis, both School Boards are planning to study the feasibility of converting the AREA agreement to a Cooperative School District Agreement. If the School Boards both determine that it is in the best interests of the children and the Districts to enter into a Cooperative agreement, a vote would be held in both districts to seek authorization. That vote, in all probability, would be held at the 1981 School District Meetings in each town.

District Meetings in each town.

The proposed 1980-81 school district budget, which appears elsewhere in this year's Town Report, bears very little resemblance to the format printed in last year's Report. All school districts in New Hampshire have been converting to a new federal coding system (called Handbook II) because of a state mandate. Although this system must be in operation on July 1, 1980, the S.A.U. 41 districts have implemented the new coding during the current year. The

actual budget consists of over 700 individual line items which occupy 34 computerized pages. The form in which the budget is reported in the Town Report identifies each area in the Chart of Accounts, lists the sub-totals and a brief explanation of what items are included in each area.

The 1979-80 School Board members, administration, and staff have spent many long hours working on school board policies, resolving policy problems, reviewing expenditures, and planning for financial and educational effectiveness. Concern over energy problems, safety problems, maintenance problems, goal setting, policy writing, curriculum and fiscal responsibility have occupied a great deal of the time and energy output of each individual connected with district management. Much progress has been made in all of those areas in 1979-80 and more is anticipated in the year to come.

We all extend our thanks to the citizens of Hollis for their cooperation, support and understanding.

Respectfully submitted,
Philip J. Dahlinger
Superintendent of Schools
